OLC #78-5380/2

SUBJECT: Attached Draft

REMARKS:

1. I suggest that in the draft letter for the DCI's signature to Under Secretary Duncan that you change the second to the last paragraph to read as follows: "If after review I find that I cannot withdraw my previous statement to the IOB, I will consider alternative courses of action and inform you as to my intentions."

2. On the main body of your draft memo to the DCI, I have no comments; however, I still believe that raising this issue formally with Congress at this time is a mistake.
